

Access to Microsoft Teams using Xbox, PlayStation, Firestick and Smart TV

We use Microsoft teams for remote learning. Normally accessed via a laptop or pc it is however browser based. Given that most games consoles have browsers you can access on PS4 PS5 Xbox, Smart TV and Firestick with a compatible web browser,
You don't need a keyboard or a mouse just a controller.

X Box

1. Go into my games and apps
2. Find Microsoft edge and select
3. Type in: Microsoft Teams and login as you would in school
4. You can then access your work through teams and one drive and use key packages including: Word, Teams, Excel, PowerPoint and your emails. To move around use the controller or plug in a mouse.

PlayStation

1. Identify the PlayStation internet browser icon (it is WWW with dots around it)
2. Press the PS4 logo on the controller
3. Go to the library and find options for games and applications and you will find the internet browser
4. Type in: Microsoft Teams and log in as you would in school.
5. You can then access your work through teams and one drive and use key packages including: Word, Teams, Excel, PowerPoint and your emails.
6. To move around use the controller or plug in a mouse.

Firestick and Smart TV

1. Identify the internet browser icon (it is normally either internet explorer a large E or Google Chrome)
2. Go to the library and find options for applications and you will find the internet browser
3. Type in: Microsoft Teams and log in as you would in school
4. You can then access your work through teams and one drive and use key packages including: Word, Teams, Excel, PowerPoint and your emails
5. To move around use the remote or plug in a mouse.
