	Dance – R34 Creating and performing dance	Walking – Offsite (Double Group) Walking as a group in the local community	

*Expedition Training (Year 11 only) – some students may be opting to fully complete the Bronze Award and may need to complete some basic training. This would include camp craft, camp cooking, fire lighting, navigation, safety training, map work and nutrition.

Those students would then be put into one group to complete this training and therefore one of the Physical Section groups would be dropped to accommodate this.
